This menu is created based on the recommended list of seafood in the WWF Hong Kong Sustainable Seafood Guide. The Seafood Choice Initiative was launched in Hong Kong in 2007 as a response to the depletion of marine resources and the fisheries crisis. The goal of the initiative is to encourage customers and the seafood industry to behave in favour of sustainable consumption and to build awareness of the effects our appetite for seafood can have on the marine environment. By supporting eco-friendly seafood, we can help ensure a healthy ocean for future generations.

FINDS is dedicated to good and ethical sourcing practices and is proud to be the first Western-cuisine restaurant in Hong Kong to join WWF's Ocean-Friendly Menu program in 2011.
